

VOLUNTEERING IN WSP POST-CORONAVIRUS

Volunteer activity is now permitted in Washington Square Park as long as volunteers adhere to the following guidelines.

- **Stay home if you are sick or showing symptoms (e.g., running a fever, coughing, experiencing loss of taste or smell, or other COVID-19 symptoms)**
- **Maintain 6-feet of distance between yourself and other volunteers/staff**
- **Wash hands & clean surfaces frequently**
- **Face coverings are required at all times**
- **We strongly encourage those who do not live within walking distance of the Park to refrain from taking public transportation just to volunteer**

Please read this list carefully, and if you have not already submitted a Volunteer Waiver for 2020, do so now. We must have an up-to-date waiver on file for you to volunteer in the Park.
